Summary

A results-driven Computer Science student at Anchor University, Lagos, passionate about designing seamless, user-focused digital experiences and solving complex technical problems.

From my early days at Federal Government College, Port-Harcourt to my current B.Sc. program, I've built a foundation in UI/UX design, front-end development, Python programming, and networking backed by real-world projects, certifications, and my personal portfolio.

I combine technical skills with a creative eye to deliver solutions that are not only functional but delightful to use. I excel in problem-solving, analytical thinking, and teamwork, and I'm always looking for opportunities to learn, innovate, and make an impact.

Core Skills & Tools:

Front-End Development (HTML, CSS, JavaScript)
UI/UX Design (Figma & Framer)
Networking
Python
Problem-Solving & Analytical Thinking
Communication & Teamwork

Open to collaborating on front-end development, UI/UX, and networking projects that push boundaries and create value.

Let's connect and build something exceptional!
